

## Corporate Matching Donors

*Many businesses diligently support nonprofit organizations that are important to their staff members. Corporate Matching Gift Programs give individual staff members the opportunity to increase financial support to their favorite charities. Some corporations match dollar-for-dollar, effectively doubling the individual's gift, while others match at varying rates. NOE International receives donations from companies for both current and retired employees.*

**If you don't see your employer listed, contact your HR department to find out whether your company will match gifts to NOE International.**
